«VINUM is not only a special magazine, but a whole universe.»

Roland Köhler publisher VINUM

Our Profile

Our Creed

VINUM stands for after-work relaxation, recreation, finding a slower pace, enjoying cherished topics and exploring new things. Information meets pleasure; entertainment meets utility.

Brief Characteristic

VINUM has been published since 1980 and enjoys a high level of acceptance among a large wine-interested audience, as well as among the producers, in trade and in high-class gastronomy. VINUM – that's sophisticated enjoyment. Stories about wine abound; readers are immersed in the cultural treasure the winegrowing regions of Switzerland, Germany, Austria, Italy, France and the world provide. Extensive tastings with recommendations provide readers with a secure basis for orientation and the purchase of wine. Travel and culture reports are an invitation to linger. Upscale tableware and stylish accessories round-off the wide spectrum of topics.

Readership

People who read VINUM are characterized above-average net incomes and lead exclusive lifestyles a high affinity for the enjoyment of life. Readers of VINUM have above-average net incomes and lead exclusive lifestyles. They inform themselves about good wines and an upscale lifestyle with VINUM (AWA).

Europe's Wine Magazine

With three country-specific print editions – for Germany/Austria, the German-speaking Switzerland and the issue Suisse Romande/France – as well as the international web platform, VINUM is one of the most important wine magazines of Europe. The VINUM authors in Europe's major winegrowing regions (France, Italy, Germany, Switzerland and Austria) ensure a high information value and an authentic coverage of the respective «terroir». Each county edition (Germany, German-speaking Switzerland and French-speaking Switzerland) has a distinct editorial local colour, whereas the same international magazine in each edition forms the binding element of the different country editions. Thus the mentality and market differences are taken into account.

The magazines

The VINUM magazine, founded in 1980, is not only the origin, but also today as always the heart of the VINUM world. With winemaking legends, interviews, thematic professional panels, reports, dossiers, culinary and foodpairing, winetour stories, infographics, provocative commentaries and, of course, the wineguides, the VINUM team feels the pulse of the wine world month after month.

The world of Vinum

www.vinum.eu

VINUM has been dedicated to wine for 40 years. The winemakers who make it, the terroir that shapes it and the anecdotes and myths that surround it. The credo, as we do, has remained the same since 1980: We do not want to lecture, not instruct, not prescribe, but rather communicate, sensitise and share our enthusiasm for the elixir of wine with VINUM readers. What happened 40 years ago with the first VINUM print edition began, has grown into a diverse cosmos. Welcome to the VINUM world!
